

Product Change Notification PCN.2015.03.26.1

Transition from Colibri PXA300 208MHz V1.3A to Colibri PXA300 208MHz V1.3B

Date of Publication: 2015-03-26

1. Toradex Product Numbers Affected

EOL Product		Replacement Product	
Part Number	Product Name	Part Number	Product Name
00041300	Colibri PXA300 208MHz V1.3A	00041301	Colibri PXA300 208MHz V1.3B

2. Product Phase in / Phase out Schedule

As stated in [PCN.2014.10.06.1](#), Colibri PXA300 208MHz V1.3A will be discontinued with the respective LTB date set to 2015-03-20. Colibri PXA300 208MHz V1.3B will only be supplied to fulfill LTB orders for V1.3A. No new orders, neither for V1.3A nor for V1.3B, will be accepted as the LTB date has already expired.

Note: As mentioned in the [PCN.2014.10.06.1](#), all versions of Colibri PXA300, including V1.3B, will be discontinued.

EOL Product		Replacement Product	
Part Number	Estimated Schedule	Part Number	Estimated Schedule
00041300	Product will be sold until inventory is depleted.	00041301	Sample Production: April 2015 Volume Production: June 2015

3. Description of Changes

Toradex did receive extremely high LTB orders for Colibri PXA300 208MHz V1.3A which exceeded the stocked quantities of Samsung SLC Flash components by far. Since Samsung decided to completely pull out of the SLC Flash market, Toradex was forced to validate the replacement product Colibri PXA300 208MHz V1.3B, deploying the SLC Flash EN27LN1G08-25TIP by EON.

4. Customer Impact

4.1. Hardware Design

The change from V1.3A to V1.3B of the Colibri PXA300 208MHz module does not have any effect on carrier boards or on other related hardware.

4.2. Software

Customers using Toradex Windows CE BSPs and images have to make sure they use **at least** WinCE BSP and image version [V4.2](#) released in June 2013.

Customers using Linux have to provide support for the new EON EN27LN1G08-25TIP Flash.

Please contact Toradex if you have further questions or need any support.

5. Definitions

EOL: End Of Life

LTB: Last Time Buy
